

FIT FARM

WHAT TO BRING

Imagine a world where you change three times a day. That's Fit Farm at Rock Springs. Sweat is your friend.

While working out your clothing should be very comfortable. Our general campus is quite informal, so please feel free to dress casually during other times as well. Above all though, you will need good, supportive aerobic and walking/running shoes. Please refrain from bringing jewelry or other high-end valuables. We do not assume liability for lost or stolen property, but we do provide a safe for each guest.

Additionally, a warm jacket and outerwear are advised during our cooler months: October, November, December, and January.

If you have any questions about what you should bring or just want to make us aware of your particular situation or needs prior to your visit, please reach out to us at: 615-667-8055

FIT FARM
